# A TALE OF SEVEN ELEMENTS

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. In 1913, English physicist Henry Moseley established an elegant method for counting the elements based on atomic number, ranging them from hydrogen (#1) to uranium (#92). It soon became clear, however, that seven elements were mysteriously missing from the line upseven elements unknown to science. In his well researched and engagingly narrative, Eric Scerri presents the intriguing stories of...
