Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.It s time for a change; Capitalism and its Wealth Economics have not been challenged for 100 years. Prosperity Economics will double our prosperity for each of the next three generations and more!This book is dedicated to the middle 80 of all humanity and in particular to the middle 80 of humanity in the USA. You have been abused, exploited, cheated and lied to for far too long. It is time for an economic renaissance to enlighten you as to your circumstance and to show you a simple path to much greater prosperity. The economy should serve the middle 80 instead of the middle 80 serving the economy! This would make our economy democratic: of the people, by the people, and for the people! I hope to empower you and embolden you to seek a more prosperous economy for you and your children and I hope to highlight a vision by which you can achieve it, simply and easily.The issues facing us and the benefits of greater prosperity are not based on complex mathematics or esoteric economic theories. They are based on common sense and simple arithmetic that anyone can understand. If you find some aspects of the book to be too complex it is my failure not your inadequacy. Please read on; it will probably be explained better again later on or it is just a detail not worth the confusion. Most of all do not...
