

United States Reactions After the Raising of the Berlin Wall

By Patrick Buck

GRIN Verlag. Paperback. Book Condition: New. Paperback. 24 pages. Dimensions: 9.0in. x 6.0in. x 0.1in. Seminar paper from the year 2006 in the subject Politics - International Politics - Region: USA, grade: 2, University of Wyoming (Political Science), course: Psychology of war and conflicts, language: English, abstract: The United States of America under President John F. Kennedy showed almost no military reaction after the raising of the Berlin Wall. They sent more troops together with Vice President Lyndon B. Johnson to West Berlin, but there was no intention to reopen the border. Instead the US Government tried to get into negotiations with the Soviet Union about the status of West Berlin. This decision avoided transforming the Cold War into a Hot War, but it also manifested the separation of East and West Germany and made the unification in the near future less likely. The decision helped to establish another socialist state in Europe and locked up 17 million Germans within the borders of East Germany. This paper will focus on the question why President Kennedy and his main advisers decided the way they did. Did they fear the military strength and the use of the Soviet nuclear arsenal Or did they...
