John Wiley and Sons Ltd, United States, 2007. Hardback. Book Condition: New. 1. Auflage. 251 x 170 mm. Language: English . Brand New Book. The present information age is enabled by telecommunications and information technology and the continued convergence of their services, technologies and business models. Within telecommunications, the historic separations between fixed networks, mobile telephone networks and data communications are diminishing. Similarly, information technology and enterprise communications show convergence with telecommunications. These synergies are captured in the concept of...
