Hodder. 1 Paperback(s), 2015. soft. Book Condition: New. (Hugo Award Winner) Some 5,000 years in the future, mankind faces total destruction unless it defeats the creatures known as "Bugs," in this 1959 novel by the author of *Stranger in a Strange Land*, basis for the Academy Award-nominated 1997 film. Enlisting with the Terran Federation, idealistic Juan "Johnny" Rico undergoes a brutal indoctrination into military discipline, eventually commanding his own platoon. When the Bugs make a devastating attack on Earth, however, it becomes personal for Rico, and a galaxy-wide war erupts."Starship Troopers is compelling reading. And it's not just the difficult nature of [Robert] Heinlein's politics that makes it so. There's a force to much of the writing and a clarity of vision that elevate this book. It remains challenging even 50 years after publication."Guardian (London) 275.
