

The ESC Handbook of Preventive Cardiology: Putting Prevention into Practice

By Catriona Jennings, Ian Graham, Stephan Gielen

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, The ESC Handbook of Preventive Cardiology: Putting Prevention into Practice, Catriona Jennings, Ian Graham, Stephan Gielen, The ESC Handbook of Preventive Cardiology is a 'how-to' manual for busy healthcare professionals. Complementing the 2012 Joint European Guidelines on cardiovascular disease prevention and in line with recommendations from the European Association of Cardiovascular Prevention and Rehabilitation, it is an invaluable source of tools and skills to assist with the delivery of effective cardiovascular disease prevention. While acknowledging that cardiovascular disease prevention efforts must be complemented by societal and community based strategies, this handbook focuses on practical strategies that can be used in clinical settings. Concise and easily accessible, it guides readers through the patient and family pathway - from patient identification, recruitment of the patient and family, assessing lifestyle and risk factors, to managing lifestyle change, reducing risk factors, and compliance with cardio-protective drug therapies. Information on how to deliver a health promotion workshop programme and run a supervised exercise programme is also included. Previously published as Preventive Cardiology: A practical manual and now fully revised and updated and packed with checklists and diagrams, such as risk estimation charts, The ESC Handbook of...

Reviews

Undoubtedly, this is the best function by any writer. This really is for those who statte there was not a really worth reading. Its been written in an exceptionally basic way which is merely right after i finished reading through this book by which really transformed me, change the way i really believe.
